

Thank you for looking over our information!

When it comes to POS systems - AribaTech does it right!

AribaTech, headquartered in Dallas Texas, offers POS systems with leading technology designs and affordable prices. We are a family owned, bi-lingual company that has been working with restaurants in the DFW area since 2001 and been in business with Small Businesses since 1985. Our POS systems are preferred because the systems are:

- a) User friendly - Bi-lingual (English/Spanish Interface)
- b) High level performance hardware at affordable price
- c) Local bi-lingual support by trained specialists
- d) Fully tested equipment for compatibility.
- e) Priced right for your budget.

From busy restaurants to bars to quick serve establishments, we can help with the right solution for your business!

We offer easy payment options that include a leasing option to minimize your upfront investment!

AribaPOS offers the right POS platforms for your business needs with local support that works with you!

Call the experts because you want your investment to be right and we guide you for the perfect match.

We are also your turnkey solution for:

Surveillance Camera systems, Kitchen Display Systems, ID Card Readers for bars, and other products and services that you may need are available at AribaTech.
